Our Brands:

OUR STRENGTH

We save your valuable time & money

We look after the computer & technology needs of medium to large business. We offer a diverse portfolio of professional computer services carried out at your office, our fully equipped central workshop or via remote access.

Fast & friendly response:

It is important to us to be there for you when and where you need us. We pride ourselves on being able to offer a same day response to allow you, your staff and your customers to gain the most value from your technology investment.

Forget about taking your computer or printer to a service center and losing it for days or even weeks. We'll come to your business at a time to suit you. We are committed to providing a highly responsive, customer-focused service at an affordable price.

Flexible hours:

We appreciate your business. Our phones are staffed 24/7

PC warrant of fitness:

- We frequently find our customers thinking that a new laptop or computer is needed. Very often after performing our "Warrant of Fitness" service this is not required.
- We have developed a thorough 32 procedure process which cleans out the malware, viruses and unwanted congestion from the computer operating system which generally leaves a computer running quickly and reliably.
- We inspect and clean the inside of your system to ensure that cooling is efficient, and this lengthens the life of the system.

Our services

We offer a diverse portfolio of professional computer services carried out on-site at your location or at our premises.

Technology consultancy:

- The only constant is change. With technology changing so rapidly, how do you know what you purchase today will work tomorrow? How can you keep up with and take advantage of the latest hardware and software offerings that will increase your productivity?
- Sometimes all you need is someone to help you navigate your way through the rapidly changing sea of technology. Or maybe you just want a little advice or a second opinion for reassurance and peace of mind.
- We endeavor to know your business so that we can offer the most efficient and cost-effective solutions to your technological requirements. We are proud to enable our customers to grow through technology.

Data backup & recovery:

- We have a wide range of hardware and software solutions for the automatic backup of your companies data. We can recommend a solution specific to your needs.

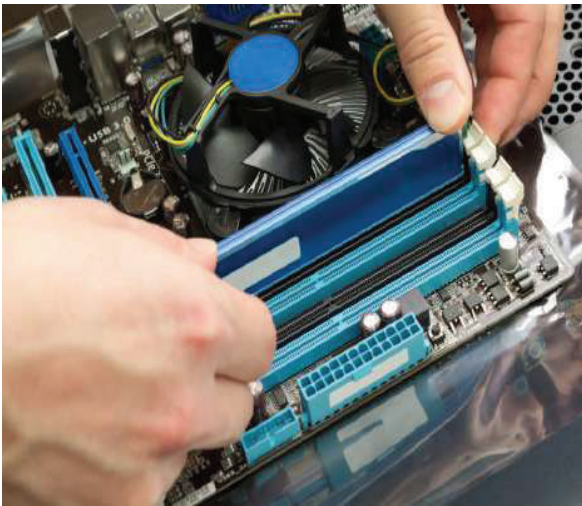

Networking & network support

- We can implement printer, folder and file sharing between computers and inter-office connections and allow for the sharing of Broadband internet connections. We design and supply wired and wireless network solutions.
- We have access to a range of networking devices including D-Link, Datalink, Belkin, NetCom, TP-link.

**We save your valuable
time & money**

Hardware repair:

- We have a fully equipped electronics and computer repair workshop. We have access to a range of spare parts to diagnose, quote and repair Laptops, Desktop Computers, Printers and Facsimiles.

Remote access:

- We can let you or your team work from out of the office without compromising security. You can access your company software, accounts and files systems remotely.

Training:

- If you or your staff require one-on one basic, intermediate or advanced training services customized to suit your needs we have the skills to listen, plan and implement a training path.
- All training is backed by ongoing telephone support.

Internet & e-mail support's:

- We can configure email as well as create and route new email addresses. We can assist in routing your incoming faxes through to an email address. We also have experience in setting up cell phones with email.

Virus, spam, malware protection & removal:

- We can assess, repair and then protect your computer and network from viral threats. We have a wide range of Anti-Virus software available and can recommend the best solution for your needs.

Printer & Photocopy Repair:

- We have a fully equipped electronics and computer repair workshop. We have access to a range of spare parts to diagnose, quote and repair Printers and Photocopy.

Our product's:

- We have wholesale buying arrangements in place with multiple suppliers and manufacturers.
- We deliver, install and configure all hardware and accessories we supply to business with the goal of keeping you and your team running as smoothly, efficiently and cost effectively as possible.
- When we supply a product we vow to stand by you and your expectations of that product.

Printer & photocopier's:

We have access to a wide range of printing solutions and can help in matching a printer to suit your needs. We can offer stand alone economic solutions right through to high end enterprise level multi function networked laser copiers with full service agreements. We are authorised by Toshiba, Canon, Sharp, Rico, Kyocera, HP, Xerox, Fujitsu Photocopy & Printers.

Printer & photocopy toner:

2.5" & 3.5" Internal Hard Drives, External Hard Drives, USB Memory Sticks. Solid State Drives, CD and DVD Writers and media.

Refurbished ex-lease systems & printers:

Sometimes new is not the best answer for your needs. A lot of value can be gained from ex-lease machines that have been through our rigorous refurbishment program.

Why you chose us?

Support:

Central to Trust Computer's success is our commitment to support customers with a fast, tailored, professional and satisfied experience. A culture of support excellence ensures that Trust Computer customers are provided with the highest levels of pre-sales support, project management and training services, as well as technical support for ongoing post installations enquiries. Strong customer relationships have also enabled Trust Computer to incorporate customer driven feedback into the development of our innovative solutions.

Cost efficient:

We are competitively priced. We do not invest in unnecessary offices and showrooms, fleets of executive vehicles and other non-essential services so can offer very fair rates to our clients.

Need help to find it?

If you can't find what you are looking for, or aren't really sure what best suits your needs, just ask us. We'll even answer any technical questions you have.

Easy solutions:

We have a sincere desire to make your business work quickly and efficiently. We are 100% independent so can sincerely present the product and solution best suited to your needs...not ours.

Guarantee:

If you are not completely satisfied with our inkjet and toner cartridge refill products we will give you a full refund or will replace the goods.
